Subject : Application for the Internship

Respected Sir/Ma'am

I am writing to apply for any suitable Software Engineer internship. I am Informatics Engineering student at Institut Teknologi Del. Passionate at Information technology development and active in technology community. Possesses knowledge of competitive programming , Able to learn quickly about new things and love to learn new things about technology Information . Have a good interpersonal communication and Comfortable working in a team or individual.

During my study, I've been learning for creating Web Application using Yii2 Framework, .Net Framework, web Service using java and have good skill in SQL database .

Although i have experienced in this role, I am looking for a new challenge that will provide me with the opportunity to further develop career with some reputable Organization like yours.

I hope my experience and all that I have learned qualify me for consideration. If you would like, I can provide you with my current samples of my work. To further acquaint you with the specifics of my background I am enclosing my resume. I hope you will considered me for any suitable internship. I look forward to get the next response of this my cover letter.

Your Sincerely,
